BAIS TORAH U' TEFILAH

## Message From Our Rov

The incredible achdus which has surfaced in the last few months from Jews of all backgrounds has certainly been a great inspiration. There still remains a deep connection between all Yidden despite our differences. Those who have had the zechus to learn and live by the Torah truly understand what it means to be part of Klall Yisroel and can have a greater appreciation of this strengthened achdus of recent weeks.

Hagaon Hagadol Rav Shimon Shkop זצ"ל, in a very famous essay, interprets the mitzvah of Kedoshim Tihiyu as a command to emulate Hashem in His selfless and constant acts of kindness. So too, every Jew is enjoined to live a life of chessed in all areas rather than a life of self-focus. Reb Shimon also suggested a novel way to overcome one's natural selfishness and enable one to live a life dedicated to the ציבור. The way to achieve this level of living is to expand the definition of one's

BAIS TORAH U' TEFILAH

self. A lesser person will define himself as just "his own self and his own needs". However a person can expand his definition of self to include and identify others as his own. So it becomes "my" family or "my" chevra or my "community" and eventually "my people" worldwide. This will help a person have room in their heart for everyone. Reb Shimon also explains that this is the true meaning of Gadlus. A person is truly greater as the definition of self expands to include others.

A kehilla is the appropriate condition for practicing and acquiring this ability. The joining with a kehilla and embracing it as "my" Kehilla, makes it possible to work wholeheartedly for the טובת הרבים. The success of the kehilla is your very own, when you make it "your" kehilla.

Being part of our wonderful kehilla will help us all grow to embrace all of Klall Yisroel as our very own. May the Achdus of klall Yisroel at all and every level help protect us in these difficult times and may we all be zoche to see the גאולה שלמה בב"א

**Mr. & Mrs.  
Avi Pruzansky**  
GUESTS OF HONOR

Avi Pruzansky is originally from Brooklyn, NY. Avi's father, R' Yossi z"l was known as a very famous and successful Glatt Kosher caterer in the bygone era of the 1970s in Brooklyn. He was also known as a tremendous Baal Chessed and philanthropist. In addition to founding & supporting many large Mosdos, he constantly went out of his way to help everybody that he met, whether they needed Tzedoka or just a helping hand. Yossi, along with his wife Marsha, sh'tibodel lechaim tovim, maintained an open house and hosted many, many guests each & every Shabbos; especially for those people most in need.

After learning in Eretz Yisroel at Yeshivas Ner Moshe under R' Avrohom Gurewitz shlit"a, Avi married his Eishes Chayil, Rivky, from Kew Gardens, NY. She is the daughter of the well-known Askanim from that community, Mr. Alan Jay z"l, and, tibodel lechaim tovim, Mrs. Hindy Rosenberg.

Upon returning to America, they moved to Lakewood, NJ where Avi learned in Kollel at BMG for a number of years. Almost 30 years ago, Avi & his wife decided to move to Passaic. Following in the footsteps of their parents, their home is always open to guests, and they are constantly hosting parlor meetings and other Tzedoka events.

They joined BTU in its infancy and have been active members ever since. Over the years, Avi has developed a close Keshet with our Rav, and BTU has played a vital role in their family's lives. Avi considers it a big Zchus to be a part of this year's Melave Malka campaign and always tries help our shul in any way possible.

Avi is someone who is dedicated to his family, friends and Shul. As a brother/son, he demonstrates on a daily basis his devotion to his family. He is always the first to action when the need arises. He constantly goes above and beyond for our family and extends that same sense of Achroyos and passion to the Shul, and the Community of Passaic. His home is a Beis Vaad L'chachmim and is open to all. He is a wellspring of Torah, Avodah, and Gemilas Chasadim. He uses his Simchas Hachaim to spread Ahavas Yisrael and joy to others.

May he and Rivky continue to lead and inspire, with health, happiness. and nachas from their entire amazing mishpacha,

## **Mommy and Totty.**

They have been pillars in the Passaic community for almost 3 decades, supporting chessed, Torah, and Tefillah. It is therefore no surprise to us that they are being honored by Bais Torah U'Tefillah, an institution that in its very name captures these accomplishments.

Our parents have been supporters of "BTU", as it's fondly known, for decades. We still fondly remember Rabbi Zupnik's conversations with them when designing the current beautiful Shul and the picture-book of famous Shul's he brought that would inspire the design of the current Makom Kadosh.

We feel proud and lucky to have parents who are role models in so many ways. BTU is lucky to have them and we cannot wait to see how much more they will accomplish in the decades to come.

BAIS TORAH U'TEFILAH

In honor of

**Mr and Mrs Avi Pruzansky**

upon receiving the coveted Guests of Honors award..... We have seen up close their open house, warmth (humor as well) and special way they treat all those that cross their paths. Their maasim tovim on behalf of the tzibur, mosdos and individuals are truly inspiring. May Hkbh Bentch them with continued bracha vihatzlacha and nachas from their special mishpacha!

We would also like to take this opportunity to offer our heartfelt appreciation for all that

**the Rav shlita/Rebbetzin  
and all the officers and gabbaim**

of the shul have done and continue to do for the shul collectively and for our family personally.

May the shul continue to serve as a bastion of unadulterated Torah Utefilah for the entire community.
